

## Comfort and convenience await with the arrival of the stylish and spacious new Pegasus Grande SE caravan range this Autumn

- Available in six different layouts, including both single & twin axle options, the limited edition 8ft wide Pegasus Grande SE range is suitable for both touring and seasonal use
- With up to 25% additional interior space, it has allowed us to create unique layouts featuring either a G-shaped front lounge or a U-shaped central dinette
- Lightweight, high performance GRP skinned Alu-Tech body shell makes models available to a surprisingly wide range of tow vehicles given their size
- Enhanced exterior styling featuring a 'Slate Grey' and 'Polar White' GRP bodyshell, complete with a bespoke graphics scheme, helps Pegasus Grande SE stand out from the crowd
- Inside new 'Light Oak' furniture finishes and a choice of 'Goldhawk' or 'Barbican' soft furnishing schemes, create stylish interiors beautifully showcased by the signature Bailey vertical front picture window
- A fully specified Truma Combi programmable heating system (Combi 4 in single axles and Combi 6 in twin axles) combines with market leading insulation, courtesy of the Alu-Tech body shell to make the new Pegasus Grande SE a caravan for all seasons
- Models from the Pegasus Grande SE line up will start arriving on Retailer forecourts from late September onwards

Pegasus Grande SE Palermo      twin axle, 6-berth centre-dinette, corner double bunks, corner washroom

Pegasus Grande SE Turin      twin axle, 6-berth centre-dinette, corner double bed, corner washroom

With up to 25% additional interior space, these unique layouts feature either a G-shaped front lounge with sliding front dinette table (model specific) or a central U-shaped central dinette area, with wall mounted table (model specific) making them ideal for those people searching for extra room.

As with all Bailey leisure vehicles models are built using our patented Alu-Tech construction technology, cloaked in a GRP outer skin, making them more robust, more durable and yet lighter than those manufactured using conventional methods to offer greater protection against the elements to keep you comfortable, safe and secure all year round. To date approaching 65,000 Bailey leisure vehicles have been built with this ground-breaking technology and are currently being used around the world.

This high performance bodyshell has been visually enhanced with the introduction new 'Dove Grey' GRP side walls, complete with a bespoke SE graphics scheme to ensure Pegasus Grande will continue to stand out from the crowd.

To ensure that your prized possession remains both safe on the road and secure on site Pegasus Grande SE comes supplied with all the latest safety and security equipment, including an AL-KO ATC Trailer Control System, an AL-KO AKS 3004 Stabiliser, a TRACKER Retrieve stolen vehicle recovery system and AL-KO Secure wheel lock receivers fitted as standard.

Pegasus Grande SE models are fitted with a fully specified Truma Combi heating and hot water system (Combi 4 in single axles & Combi 6 in twin axles) which allows you to holiday no matter the time of year. Combined with the market-leading thermal characteristics of the Alu-Tech body shell, this makes this a genuine all-weather vehicle, a fact confirmed with the achievement of the highest rating for thermal performance (Grade III Classification of EN1656-I) in rigorous cold chamber testing. Plus for those people seeking that extra level of flexibility the Truma iNet upgrade is available to allow remote control of the caravan's hot water and heating systems.

Inside the introduction of the new Bailey 'Light Oak' furniture, featuring dual finish Italian design curved overhead locker doors, enhances the feeling of sophistication to create stylish interiors beautifully showcased by the signature Bailey vertical front picture window. Models feature new construction seating, with knee rolled sprung base cushions, in the front lounge, available in a choice of either 'Goldhawk' (standard) or 'Barbican' (cost option) fabrics, both of which are supplied with a full complement of scatter cushions.

Kitchens also enjoy a major style make over with the inclusion of a circular stainless steel kitchen sink with concealed fixings, a new design Perspex splashback with chrome detailing, while twin axle models also benefit from the introduction of the ingenious Dometic 10-series 153 litre electronic fridge freezer with universal handed door mechanism.

Attention to detail is highlighted by a series of practical touches throughout the caravan, such as the inclusion of external 230v and gas BBQ points plus a Truma 100 watt solar panel in the standard specification. While inside the fitment of a further six 230v sockets and five USB charging points as well as an upgraded Bluetooth compatible sound system means that everything has been considered to make holidays in the new Pegasus Grande SE as enjoyable as possible.

Bailey of Bristol Managing Director Nick Howard said, "The introduction of the SE Edition brings an additional level of refinement to our most popular 8ft wide caravan range".

"Stylish new looks both inside and out make an already attractive caravan even better. Offering a unique set of spacious 8ft wide layouts in a great value for money package this new limited edition range provides enhanced levels of both comfort and practicality in equal measure" he added.

### Notes to editors:

- The Bailey of Bristol website contains full details of its caravan and motorhome ranges as well as all the latest company news and information: [baileyofbristol.co.uk](http://baileyofbristol.co.uk)
- Founded in 1948, Bailey of Bristol is the longest established UK independent manufacturer with over 70 years' experience in leisure vehicle production and design. During this period our family-owned business has grown to become not only the manufacturer of the UK's most popular caravan brand, but also one of the largest in Europe. In 2011, the company brought this same level of expertise to the motorhome world, as well as expanding to new export markets in Australia, New Zealand and South Korea.
- With more Bailey leisure vehicles on the road in the UK than any other, our company has earned its place as The Nation's Favourite. The signature build quality, comprehensive specification and superb value for money combine to set us apart from the competition and will ensure people will continue to 'Go Bailey' for many years' to come.
- Ten years' ago the company introduced the Alu-Tech body shell construction system, which is seen by most observers as the most significant development in leisure vehicle production technology for three decades. Providing genuine design innovation, this fully patented technology means that Bailey leisure vehicles are now some of the best engineered and most technically advanced on the market, keeping owners comfortable, safe and secure, no matter how tough the conditions.
- [freedomtogo.co.uk](http://freedomtogo.co.uk): As a leading UK manufacturer, Bailey of Bristol is a keen supporter of the 'Freedom to Go' campaign developed by the caravan and motorhome industry to help people discover and plan their next adventure or relaxing escape. It offers inspiring ideas on where to go on holiday, and what to do when you get there, plus helpful advice, such as comparing whether a caravan or motorhome is the right and affordable choice.
